PE Sports Premium Funding

Sport Premium

The Government has been providing funding of £150 million per annum since the year 2013/14 to provide new, substantial primary school sport funding.

This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Headteachers to spend on improving the quality of sport and PE for all their children.

The sport funding can only be spent on sport and PE provision in schools.

Purpose of funding

The Sports Premium funding is ring-fenced and must be used to fund improvements to the provision of PE and sport for the benefit of pupils aged 5 – 11 years old, so that all pupils develop healthy lifestyles.

Allocations for the academic year 2018 to 2019 are calculated using the number of pupils in years R to 6, as recorded in the January 2017 census, as follows:

- schools with 17 or more pupils receive £16,000 plus £10 per pupil
- schools with 16 or fewer pupils receive £1000 per pupil

In the case of a school which has opened or is due to open during the 2018-19 academic year, the above formula will apply based on pupils recorded on the autumn 2018 school census.

Crosby on Eden CE Primary PE and Sports Grant Allocation is £16,710 for the academic year 2018-19 which was spent as outlined below.

What was provided in the Academic Year 2018-19 and what was the impact?
