

## **CROSBY-ON-EDEN CE PRIMARY SCHOOL**

### **PE Sports Premium Funding Year 2019-2020**

#### **Sport Premium**

The Government has been providing funding of £150 million per annum since the year 2013/14 to provide new, substantial primary school sport funding.

This funding is being jointly provided by the Departments for Education, Health and Culture, Media and Sport, and will see money going directly to primary school Headteachers to spend on improving the quality of sport and PE for all their children.

The sport funding can only be spent on sport and PE provision in schools.

#### **Purpose of funding**

The Sports Premium funding is ring-fenced and must be used to fund improvements to the provision of PE and sport for the benefit of pupils aged 5 – 11 years old, so that all pupils develop healthy lifestyles.

Allocations for the academic year 2019-2020 are calculated using the number of pupils in years R to 6, as recorded in the January 2019 census, as follows:

- schools with 17 or more pupils receive £16,000 plus £10 per pupil
- schools with 16 or fewer pupils receive £1000 per pupil

In the case of a school which has opened or is due to open during the 2019-2020 academic year, the above formula will apply based on pupils recorded on the autumn 2019 school census.

Crosby on Eden CE Primary PE and Sports Grant Allocation is £16,710 for the academic year 2019-2020 which was spent as outlined below. £7,000 of the grant has been carried over to 2020-21 as agreed by the ESFA.

#### **COVID-19**

Due to COVID-19 pandemic and national lockdown with schools closing at the end of March 2020, various sporting events, swimming and gymnastics did not take place.

In this way they gain a wider experience of different sports.</p>

	<p>Sports coaches led after school clubs twice per week which received excellent uptake by the children.</p> <p>CPD - teachers and other adults attend these lessons and in turn gain new ideas to add to their own practice.</p>

### **Sustainability**

By using high quality coaches and teachers observing their good practice, teaching staff are developing their personal skills allowing continued provision. The school uses a range of coaches to allow all teachers the opportunity to experience good quality provision and use this in their own teaching. The school has invested in appropriate equipment and storage solutions enhancing provision. We attend a range of interschool competitions and events providing opportunity and engagement for all and nurturing a love for sport across the whole school.
