

Cumbria's SEND Local Offer

Do you have a child with special educational needs and disabilities in Cumbria?

Know where to go for information and support?

Cumbria's 'Local Offer' provides all kinds of information to families of children and young people with special educational needs and disabilities (SEND). It enables you to make informed choices about the support you receive. The Local Offer gathers and publishes information that might be helpful to you and is all in one place.

Is the Local Offer complete?

The Local Offer will continue to develop and expand as more information and guidance on provision is added. Changes will also be made as it responds to what local people need and the feedback we receive.

How you can develop and expand the Local Offer

We would like to hear your views to help with the development of the Local Offer. Please send your comments through the Local Offer 'feedback section'. Local groups and services can also sign up to the Directory.

All your feedback will be collated and we will respond using a 'you said, we did' approach. A summary of contributions will be published on the website.
